Supremely driven, dependable, continual learner with a passion for increasing skills and experiences. Presently an associate producer in an advertising agency, collaborating daily with both front-end and back-end developers. Experienced in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, and MySQL and looking for opportunity to translate those skills into a front-end developer position.

EDUCATION

University of Kansas, Edwards Campus - Overland Park, KS

October 2017 - March 2018

University of Kansas Coding Bootcamp - Javascript Full Stack Web Development

An intensive 24-week long boot camp dedicated to designing and building web applications. Skills learned consisted of HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handlebars Js, & React Js.

Rockhurst University, Helzberg School of Management - Kansas City, MO

Master of Business Administration

May 2013

Bachelor of Science in Business, Administration, Marketing Concentration

May 2012

Accolades:

- Great Lakes Valley Conference Scholar Athlete of the Year, 2011
- Captain of Men's Golf Team 2011, 2012

APPLICATIONS BUILT

SoundBar

- Search engine application specifically tailored to the music industry. Users searching for any main-stream musical artist are provided with a bio of the artist, top albums, and tracks as well as upcoming tour dates.
- Collaborated on project with a group of three other developers, working within project requirements and deadlines. Utilized HTML5, CSS3, Bootstrap, Javascript, JQuery, AJAX and Firebase.
- <https://clarkefry04.github.io/soundbar/>

Train Time

- Sole developer on database application that allows users to input a new train to the database. Information is then pushed to Firebase, and back to the browser. Minute.js is utilized to calculate the next train arrival.

RELEVANT EXPERIENCE

Sandbox Advertising Agency

Associate Producer

September 2015 - Present

- Manage budgets, timelines and creative requirements for the entirety of Sprint Corp. digital banner ad executions, both programmatic and standard html. Work closely with development team to ensure that all QA processes are met and also work with account service team to provide valuable insights and suggestions to add value for client.
- In order to help with tight timelines, have learned to use Google Web Designer and have already assisted in the creation of a large number of banner ad executions for Sprint; effectively decreasing the burden on the development team.

Ryan Lawn & Tree

Marketing Associate

November 2011 - September 2015

- Responsibilities included developing annual marketing plan, including marketing budget. Directly responsible for digital marketing efforts, including creation of email marketing campaign generating \$100,000 in additional revenue.
